## THE FINANCIAL QUESTION

In a Nutshell. It is a Struggle Between Those Who Deal in Money

And Those Who Produce and Deal in Commodities

The Whole Question is One of Prices.

## AN IMPORTANT ADMISSION.

[From The Atlanta Constitution.]

We have shown recently in the most unmistakable way that the whole effort of the so-called "sound" money men to depreciate the price of commodities and to maintain, uphold, and increase, if they can, the present purchasing power of gold. The whole contention is between those who deal in money and those who produce and deal in commodities. The producer and dealer in commodities is interested in obtaining profitable prices. The dealer in money is interested in commanding the largest possible quantity of property and commodities for each unit of dollar of his money. This is the financial issue in a nutshell. The whole question at bottom is one of prices. This made perfectly clear by some editorial remarks in The New York Sun. The Sun says:

Representative James K. Cobb, of Alabama, is reported by a Washington newspaper as making the following declaration:

"The one issue in Alabama politics at present is the silver question. I am in favor of the free coinage of silver at a ratio of 16 to 1, and I see no necessity for waiting for an international agreement. I believe that this is the sentiment of the Democratic party in Alabama, but this does not mean that the Democratic party of this state are firmly determined to have a sound currency as the so-called 'sound' money men. We believe that free coinage would actually make the commercial value of the two metals equal at that ratio. We think that the demonetization of silver in 1873 caused the decline in the value of the white metal, and that again making silver a primary money would restore its old value. We think that the Democrats of Alabama for a moment think that free coinage would result in a depreciated currency, they would not for a moment hesitate in condemning it. There are no flat money men in our party."

We should like to know how, if the coinage of silver is free, it will depreciate the currency. It will have the effect of counteracting the fall in prices which so many of the silver men claim is due to adherence to the gold standard. If silver, valued at the ratio of 16 to 1, is to be equal in value to gold coin, prices will remain just where they are now. We fancy that Mr. Cobb either does not speak the truth, or that he is himself deceived. The great argument for free silver all along has been that it will cheapen the dollar and give the farmer a dollar's worth for his wheat instead of half a dollar's, and the cotton grower 10 cents a pound for his cotton instead of 5 cents. A dollar of these things will happen if what Mr. Cobb says is true.

The Sun has these remarks: "The Effect of Free Silver Coinage." It will be seen that the Sun does not claim that silver will depreciate the currency, but that it will counteract the fall in prices which so many of the silver men claim is due to adherence to the gold standard. If silver, valued at the ratio of 16 to 1, is to be equal in value to gold coin, prices will remain just where they are now. We fancy that Mr. Cobb either does not speak the truth, or that he is himself deceived. The great argument for free silver all along has been that it will cheapen the dollar and give the farmer a dollar's worth for his wheat instead of half a dollar's, and the cotton grower 10 cents a pound for his cotton instead of 5 cents. A dollar of these things will happen if what Mr. Cobb says is true.

Mrs. Ella Owen is spending this week with her parents at a recreation and pleasure for these young housekeepers to spend a few days at the "dear old home."

Our Sunday School is getting along nicely. Misses Edna Robertson and Carrie Owen have rendered valuable assistance.

Mrs. Bill Dean, Mrs. Jesse Moorman and Mr. Chas. Fisher are with their father, Mr. J. M. Fisher, of Irvington, who is dangerously ill.

Rev. Cox, of Owensboro, is here seeking aid for disabled and aged ministers of the Baptist church. Every Baptist should lend a helping hand.

Mr. Jeff Owen and bride, nee, Miss Carrie Moorman, have gone to home-keeping at Glendene. Their host, friends wish for them a prosperous voyage on the sea of life.

A party of young people spent the day at the Pearl Knobs Saturday. Among those present were Misses Mary and Jessie Moorman, Eva and Lillie McBeth, Carrie Owen, Lattie Moorman, Edna and Ella Robertson, Nellie Owen and Messrs. Frank Dean, Vic and Ernest Robertson, Jim Dean, Charley Dean, Henry Moorman, Tom Owen, Edgar Lewis and Wm. Moorman and to them we will say.

Enjoy the springtime of love and youth. To some good angels leave the rest. How time will teach you some the truth: There are no birds in the air's nest.

## BEWLEYVILLE.

Miss Laura Smith is attending District Conference.

R. M. Jolly and children spent Sunday with T. J. Jolly and wife.

C. H. Dury and family are visiting relatives in Brandenburg.

S. P. Dury and G. E. Dury went to Louisville, Wednesday night.

W. H. Cain, Jr., attended the District Conference at Brandenburg through the entire session.

Misses Blanche Jolly and Lena Dury are visiting Mrs. John Parks, Brandenburg, and attending Conference.

Miss B. F. Hackway, who has recently arrived at Gaston, spent Sunday with her sister, Mrs. Henry Cox.

Some nice rains and the hot weather are good to make corn grow and our beans are gladdened with the prospect of "better times."

Sabbath School lesson to-day was a review of three months past, and was very interesting. Going over the last week of our Savior's life. We had a small attendance, but a real good meeting. After the Sunday School services the Epworth League held a devotional meeting.

## NORTON'S VALLEY.

The wheat crop is pretty good in this vicinity.

Miss Emma Wheeler visited the Norton's Saturday and Sunday.

Mrs. Fannie Board and brother, John Morecock, were at the Valley Sunday.

John Yates has built a new house which improves the looks of the Valley.

Godfrey Hawley, of Harlinsburg, and Miss Mary McCaw, were at church Sunday.

The heavy rain kept some of the boys out Sunday night on account of high water.

Ed Hook, of Harlinsburg, is to teach fall school. He is the son of the Harlinsburg college graduates.

There was a heavy rainfall in this vicinity Sunday and Sunday night, which did some damage to crops, by washing them out.

Miss Edna and Lella Kinchloe, of Harlinsburg, were at church Sunday also called on the Miss Norton's in the afternoon.

Madam Rumer reports another wedding soon in this vicinity. Wonder if Fred Triplett of Bewleyville, knows any thing about it?

Misses Ella and Carrie Norton are making preparation to visit the Misses Kinchloe, of Harlinsburg, on the 4th and attend the picnic there.

Rev. G. W. St. Clair gave two sermons on Sanctification, one the forenoon and one in the afternoon. There was a big crowd present, and those that were not there missed a treat.

The Valley was well represented Sunday with people from Bewleyville, Webster, Louisa, Harlinsburg, Clinton, Mt. Vernon, Harlinsburg and Dayton.

Some people think this little Valley is not much of a place, but just let them give out there is to be a "basket meeting" and there will be a big crowd every time.

Conversion Large as Men's Eggs.

Mr. N. M. GILBERT, of Harlinsburg, has been visiting here for some time.

Mr. Allen Dean and children are visiting at Mr. J. M. Fisher's home.

The rain did much good to tobacco and corn and did little harm, if any, to the wheat.

Miss Emma Robertson and babe are visiting her parents at "Fern Crest," Jefferson county.

Misses Bettie Webb, Ada Dury and Miss Dury, dressed by Mrs. D. C. Moorman last Monday.

Corn has made the golden grain for the harvest, consequently the farmers are busy with their sickles.

Mrs. Bettie Moorman, whose house and contents burned on the 7th of June, is making ready to build a new dwelling.

Our 7th of July.

## POPULISTS.

Meet at Louisville and Nominate a Full State Ticket

And Declare for Free Silver and Most Everything Except Woman's Rights.

## A HARMONIOUS MEETING

The Populists held their state convention in Louisville last week, nominated a state ticket and adopted a platform covering most every question of interest to the American people except Woman's Rights. It is said of the delegates present, that every one of them went to bed at 10 o'clock at night and were up by 6 o'clock in the morning. They were only in Louisville last appearance of any set of men ever assembled in Liberty Hall. When they are right or wrong in their political views they act to the point and gentlemen and this is much to their credit.

The following is the ticket named:

For Governor. THOMAS K. PETTIT, of Daviess.

For Lieutenant Governor. JOHN J. BLAIR, of Nicholas.

For Treasurer. M. R. GARDNER, of Harlan.

For Auditor. C. H. DEAN, of Woodford.

For Register of Land Office. J. E. QUICKSALL, of Wall.

For Attorney General. M. S. PETTIN, of Hart.

For Secretary of State. DON SINGLETARY, of Hickman.

For Sup. Public Instruction. H. H. FAIRMER, of Henderson.

For Commissioner of Agriculture. M. L. SCOTT, of Shelby.

For United States Senator. CLARENCE S. BATE, of Jefferson.

The initiative and referendum amendment was put through and then the resolutions were adopted as follows:

Preamble—The Omaha platform is a broad and noble one, and we endorse it and its principles, which have sprung up and been fostered under the rule of the Democratic and Republican parties. They have deserted the principles of Jefferson and Lincoln. The Populist party stands for the principles of industrial progress and human liberty. None of their betrayal of trust has resulted in so much disaster to every branch of our varied industries and in so much wrong and misery to our people as their deliberate and persistent legislation on the financial question.

There is a right and a wrong principle under this contest, and the wrong principle is as different as light and darkness. On one side of this question to the Democratic and Republican parties stand together, side by side, backed by the footsills, the bankers, the contractors and the gold trust; on the other side stands the Populist party, single-minded, but backed by every patriot who has realized the real danger that confronts us, and that this is the paramount issue upon the correct solution of which depends, not only all other industrial reforms, but the civilization and Christianity of a great nation.

We fully realize that not all the social, political and industrial ills that afflict the people can be cured by a proper financial system, but the magnitude of the task on this issue, the magnitude of the enemy is so firmly entrenched behind the legislative, judicial and executive departments of our government that we invite the assistance of all those who favor "more money and money every" whether they fully agree with us on other issues or not.

Platform—Finance—Land and Legislation—Therefore, we the Populists of the State of Kentucky, in convention assembled, hereby we believe and reaffirm the Omaha platform, ask for the suffrage and co-operation of every voter in the State and welcome to our ranks all who believe with us in the following demands:

First—We are unalterably opposed to increasing our already great burden of national debt by the unnecessary issue of interest-bearing bonds in times of peace, and we deplore and condemn the recent action of the Democratic Administration in Washington, not only selling our national credit at a price below its market value, but especially for surrendering to the footsills and other bankers our financial independence for its money by a secret contract, the terms of which is without parallel in our history.

Second—In order to secure and maintain a safe, sound and flexible currency, we demand that the national banking system and all banks of issue be abolished, and in addition to the free and unlimited coinage of silver and gold at the present legal ratio of 16 to 1, that the national government proceed to issue national Treasury notes, all of which shall be a full legal tender for all debts, public and private, and in the event of sufficient to reduce the public range of prices and property that existed before the demonetization of silver in 1873, and to increase in quantity year after year the increase in population and business so as to maintain equity between debtor and creditor to facilitate the development of our great national resources.

Third—We demand that Congress make it unlawful for any note, bond, mortgage or other obligation to stipulate for payment in gold only, or in any other debt obligation, and that it should always give preference to the money that is below par in order to appreciate it and maintain a parity among all of its legal tender money.

Fourth—We demand that Congress make it unlawful for any note, bond, mortgage or other obligation to stipulate for payment in gold only, or in any other debt obligation, and that it should always give preference to the money that is below par in order to appreciate it and maintain a parity among all of its legal tender money.

Fifth—Therefore, we demand an amendment to the United States Constitution to provide for a graduated income tax.

SIXTH—We view with alarm the recent decision of the Court of Appeals of this State in the Bank Tax case, and believe it to be subversive of the spirit and letter of the Constitution itself, which requires that all property shall be taxed alike—the property of a corporation just like an individual. The effect of this decision is to exempt property of the kind from all local taxation, and thereby throw the whole burden of municipal government upon the other classes in our cities and towns. We sincerely trust that the court will yet sustain its independence and the people by reversal of its decision.

SEVENTH—We denounce the system that practically gives a monopoly to the American Bank Trust of our common schools, and insist that the largest competition should be given in the purchase of all books for the benefit of the children of our State.

EIGHTH—We deplore the action of the General Assembly in increasing the salaries of Judges of the Court of Appeals and other officials in our State at a time when all values are decreasing and in so much wrong and injury to our people as their deliberate and persistent legislation on the financial question.

NINTH—We deplore the action of the General Assembly in increasing the salaries of Judges of the Court of Appeals and other officials in our State at a time when all values are decreasing and in so much wrong and injury to our people as their deliberate and persistent legislation on the financial question.

TENTH—We deplore the action of the General Assembly in increasing the salaries of Judges of the Court of Appeals and other officials in our State at a time when all values are decreasing and in so much wrong and injury to our people as their deliberate and persistent legislation on the financial question.

ELEVENTH—We deplore the action of the General Assembly in increasing the salaries of Judges of the Court of Appeals and other officials in our State at a time when all values are decreasing and in so much wrong and injury to our people as their deliberate and persistent legislation on the financial question.

Twelfth—We deplore the action of the General Assembly in increasing the salaries of Judges of the Court of Appeals and other officials in our State at a time when all values are decreasing and in so much wrong and injury to our people as their deliberate and persistent legislation on the financial question.

Thirteenth—We deplore the action of the General Assembly in increasing the salaries of Judges of the Court of Appeals and other officials in our State at a time when all values are decreasing and in so much wrong and injury to our people as their deliberate and persistent legislation on the financial question.

Fourteenth—We deplore the action of the General Assembly in increasing the salaries of Judges of the Court of Appeals and other officials in our State at a time when all values are decreasing and in so much wrong and injury to our people as their deliberate and persistent legislation on the financial question.

Fifteenth—We deplore the action of the General Assembly in increasing the salaries of Judges of the Court of Appeals and other officials in our State at a time when all values are decreasing and in so much wrong and injury to our people as their deliberate and persistent legislation on the financial question.

First—We demand the free and unlimited coinage of silver on equal terms with gold at the present legal ratio of 16 to 1, without asking the permission of Great Britain or any other foreign nation.

Second—The National Government has the right and should exercise it to use its option as to the kind of legal tender money with which it will pay any debt obligation, and that it should always give preference to the money that is below par in order to appreciate it and maintain a parity among all of its legal tender money.

Third—We demand that Congress make it unlawful for any note, bond, mortgage or other obligation to stipulate for payment in gold only, or in any other debt obligation, and that it should always give preference to the money that is below par in order to appreciate it and maintain a parity among all of its legal tender money.

Fourth—We demand that Congress make it unlawful for any note, bond, mortgage or other obligation to stipulate for payment in gold only, or in any other debt obligation, and that it should always give preference to the money that is below par in order to appreciate it and maintain a parity among all of its legal tender money.

## CHINTZ ROYALTY, COUNTY SURVEYOR

Office over the Bank of Harlinsburg.

Will attend to any business in the line of Surveying. Finding lost lines and corners a specialty. Correspondence in regard to any boundaries of lands lying in Breckensville county solicited. Also a Voluntary Public, and can take the acknowledgements of deeds at time of surveying if parties desire it.

Address at Harlinsburg, Ky.

W. H. Nelson, who is in the drug business at Harlinsburg, has so much confidence in Chamberlain's Colic, Cholera and Diarrhea Remedy that he warrants every bottle and offers to refund the money to any customer who is not satisfied after using it. Mr. Nelson takes no risk in doing this because the Remedy has a certain cure for the diseases for which it is intended and he knows it. It is for sale by A. H. Fisher, Cloverport, Ky., and Kinchloe & Board, Harlinsburg, Ky.

GARFIELD.

A heavy rain fell at this place Sunday. Miss Jane Brown teaches the Pleasant Grove school this fall.

James Nicholls was a smiling countenance these days, it is a girl. All the pupils of this place go to the Tar Springs for their health now-a-days.

A. A. Richardson goes once a week to the Tar Springs. He is quite a business man.

James Ann and Katie Board spent the 4th at Harlinsburg, and went from there to Big Spring to visit relatives.

Garfield seems deserted now, as most of the people have gone to the Tar Springs to spend the summer.

The Sunday School at Pleasant Grove is a success. Come one, come all. It seems as if the people are alive in this work.

Mr. and Mrs. Thomas McCoy, of Bewleyville, passed through this place Sunday on their way to Mr. A. Norton's, Mr. McCoy's parents.

GLENDEANE.

Dr. Nelson, who has been here for years, has many doctors and remedies, and has always had a great success in curing a large number of the people who come to him. He is a true doctor, and his remedies are of great value.

THE FINANCIAL  
QUESTION

In a Nutshell. It is a Struggle Between Those Who Deal in Money

And Those Who Produce and Deal in Commodities.

The Whole Question is One of Prices.

AN IMPORTANT ADMISSION.

[From The Atlanta Constitution.]

We have shown recently in the most unmistakable way that the whole effort of the so-called "sound" money men, to depreciate the price of commodities and to maintain, uphold and increase, if they can, the present purchasing power of gold. The whole purpose of the movement is to get the money market to produce and deal in commodities. The producer and dealer in commodities is interested in obtaining the highest possible price for his goods. He is interested in commanding the largest possible quantity of property and commodities for each unit of dollar of his money. This is the whole question at bottom in one of prices. This is made perfectly clear by some editorial remarks in The New York Sun. The Sun says: Representative James E. Cobb, of Alabama, is reported by a Washington newspaper as making the following declaration:—

though it was at a premium over greenbacks, and the people at large, very properly without it, each coin would have been worth half as much as it is now. It will buy no more.

Under free coinage silver will not be as valuable as gold is now, but it will be as valuable as gold will then be, for every ounce of silver, coined or uncoined, will have imparted to it the potential power of redemption money, and the demand for gold will cease to exist. Silver will increase in value and will lose a part of its value, until both metals meet at the legal rate.

Should gold go to a premium as the result of free coinage, we should not then, as some of the ignoramus claim, have a single silver standard, for the mint would still be open to gold. In the nature of things such a premium would be but temporary, but even if it were long continued not an interest in the country would suffer from it. We would have bimetallic prices, and the people would enjoy the benefits of constantly increasing prosperity. The worst that could happen under free silver coinage would be a thousand times better for the people than the present condition of affairs under the British gold standard.

There can be no prosperity for the people until the people can get fair and profitable prices for the products of their labor. Under the British gold standard the profits that ought to go into the pockets of the people are retained in the vaults of the money dealer. We say to The Sun, therefore, that the "free-coinage" men are actually commanding higher prices and a higher level of prosperity. If higher prices didn't mean depreciated gold and silver money in 1870, they don't mean that now.

Our Sunday School is getting along nicely. Miss Edna Robertson and Carrie Owen have rendered valuable assistance.

Mrs. Bill Dean, Mrs. Jesse Morrison, Mr. Chas. Fisher are with their father, Mr. J. M. Fisher, of Irvington, who is dangerously ill.

Rev. Cox, of Owensboro, is here making aid for disabled and aged ministers of the Baptist church. Every Baptist should be a helping hand.

Mr. Jeff Owen and bride, nee, Miss Carrie Morrison, have gone to home-keeping at Glendale. Their host "O friends wish for them a prosperous voyage on the sea of life."

A party of young people spent the day at the Sand Knobs Saturday. Among those present were Miss Mary and Miss Edna Robertson, Eva and Lela Moore, Carrie Owen, Lilla Morrison, Edna and Ella Robertson, Nannie Owen and Messrs. Frank Dean, Vic and Ernest Robertson, Jim Dean, Charley Dean, Henry Morrison, Tom Owen, Edgar Lewis and Jennie Morrison, and to them we will say

Enjoy the springtime of love and youth, To some good angel have the rest, For time will teach you soon the truth; There are no birds in leafy nests.

BREWELVILLE.

Hold over last week.

Mrs. Laura Smith is attending District Conference.

R. M. Jolly and children spent Sunday at Mr. T. J. Jolly and wife.

C. H. Dury and family are visiting relatives in Brandenburg.

S. P. Drury and G. E. Drury went to Louisville Wednesday night.

W. H. Cain, sr., attended the District Conference at Brandenburg through the entire session.

Misses Blanche Jolly and Lena Drury are visiting Mrs. John Frazer, Brandenburg, and attending Conference.

Lt. U. F. Hardaway, who has recently arrived at Guston, spent Sunday with his sister, Mrs. Henry Cox.

Some nice rains and the hot weather are good to make corn grow and our hearts are gladdened with the prospect of "better times."

Subsidiary School here to-day was a review of three months past, and was very interesting. Going over the last week of our Saviour's life. We had a small attendance, but a real good meeting. At the Sunday School services the Epworth League held a devotional meeting.

GOLDEN RO.

NORTON'S VALLEY.

The wheat crop is pretty good in this vicinity.

Miss Emma Wheeler visited the Norton's Saturday and Sunday.

Mr. Fannie Bond and brother, John Morelock, were at the Valley Sunday.

John Yates has built a new house which improves the looks of the Valley.

Godfrey Haswell, of Hardinsburg, and Miss Mary McCoy were at church Sunday.

The heavy rain kept some of the boys out Sunday night on account of high water.

Ed Hook, of Hardinsburg, is to teach our fall school. He is one of the Hardinsburg college graduates.

There was a heavy rainfall in this vicinity Sunday and Sunday night, which did some damage to crops, by washing them up.

Miss Edna and Lela Kincheloe, of Hardinsburg, were at church Sunday as called on the Miss Norton's in the afternoon.

Madam Rumor reports another wedding soon in this vicinity. Wonder if Fred Drift, of Bowlingville, knows if it is true or not?

Misses Ella and Carrie Norton are making preparation to visit the Misses Kincheloe, of Hardinsburg, on the 4th and attend the picnic there.

Rev. G. W. St. Clair gave two sermons on Sandification, one the forenoon the other in the afternoon. There was a big crowd present, and those that were not there missed a treat.

The Valley was well represented Sunday with people from Bowlingville, Webster, Lodhurg, Hardinsburg, Clinton and other places.

Some people think this Valley is not much at a place, but just let them give out there to be a "baked meeting" and there will be a big crowd every time.

Caroline Large was here's girl.

Mr. N. N. GURMAN, of Brandenburg, is here on a visit.

POPULISTS.

Meet at Louisville and Nominate a Full State Ticket

And Declare for Free Silver and Most Everything Except Woman's Rights.

A HARMONIOUS MEETING

The Populists held their state convention in Louisville last week, nominated a state ticket and adopted a platform covering most every question of interest to the American people except Woman's Rights. It is said of the 375 delegates present, that every one of them went to the convention at night and were up by 6 o'clock in the morning. They were orderly and made the best appearance of any set of men ever assembled in Liberty Hall. Whether they are right or wrong in their political views they acted like men and gentlemen and this is much to their credit.

The following is the ticket named:

For Governor, THOMAS S. PETTIT, of Davison.

For Lieutenant Governor, JOHN J. BLAIR, of Nicholas.

For Treasurer, M. R. GARDNER, of Harlan's.

For Auditor, C. H. DEAN, of Woodford.

For Register of Land Office, J. E. JACKSON, of Wolfe.

For Attorney General, S. M. PEYTON, of Hart.

For Secretary of State, DON S. CRAWFORD, of Hickman.

For State Public Instruction, H. H. FAIRMER, of Henderson.

For Commissioner of Agriculture, M. L. SCOTT, of Shelby.

For United States Senator, CLARENCE S. BATE, of Jefferson.

The initiative and referendum amendment was put through and then the resolutions were adopted as follows:

Preamble—The Omaha platform is a broad protest against the monopolies and trusts, which have grown up in this country, and have become a menace to the people's rights and the principles of Jefferson and Lincoln. The People's party stands for the principles of industrial progress and human liberty. None of its betrayals of trust has resulted in so much disaster to every branch of our varied industries and in so much suffering to the people as the trusts have done. The People's party stands for the principles of industrial progress and human liberty. None of its betrayals of trust has resulted in so much disaster to every branch of our varied industries and in so much suffering to the people as the trusts have done.

On one side of this question to the Democratic and Republican parties stand together, side by side, backed by the Rothschilds, the law makers, the contractors and the gold trust; on the other side stands the People's party, single-minded, but backed by every patriot who has realized the real danger that confronts the country.

We will realize that not all the social, political and industrial ills that afflict the people can be cured by a proper financial system, but the magnitude of the contest on this issue is so portentous and the enemy is so firmly entrenched behind the legislative, judicial and executive departments of our government that we invite the assistance of every patriotic citizen to help us to win.

First—We demand the free and unlimited coinage of silver on equal terms with gold at the present legal ratio of 16 to 1, without asking the permission of Great Britain or any other foreign nation.

Second—The National Government has the right and should exercise it to the option as to the kind of legal tender money which it will pay any debt or obligation, and that it should always give preference to the money that is below par in order to appreciate it and maintain a parity among all of its legal tender money.

Third—We demand that Congress make it unlawful for any note, bond or mortgage or other obligation to be payable in gold only, or in any other particular kind of legal tender money of the United States.

Fourth—We are the only political party that has ever laid the honesty and patriotism to demand in its national platform for a graduated income tax.

The Supreme Court of the United States, in its recent decision, has declared that our Constitution does not allow this just and equitable tax. In the language of Justice Harlan: "The practical, if not the direct, effect of the decision to-day is to give to certain kinds of property a position of favoritism and advantage that is inconsistent with the fundamental principles of our social organization, and to place in the hands of a few persons that portion of the people upon whom rests the larger part of the burden of the Government, and to subject to the domination of aggregated wealth any more than the property of the country should be at the mercy of the lawless."

Fifth—Therefore, we demand an amendment to the United States Constitution to provide for a graduated income tax.

STATE—First—We view with alarm the recent decision of the Court of Appeals of this State in the Bank Tax Case, and believe it to be subversive of the spirit and letter of the Constitution itself, which requires that all property shall be taxed alike. The property of a corporation just like an individual. The effect of this decision is to exempt property of the banks from all local taxation, and thereby throws the whole burden of municipal government upon the other classes in our cities and towns. We sincerely trust that the court will yet maintain the sovereign will of the people by reversal of this decision.

Second—We denounce the system that practically gives a monopoly to the American Book Trust of our common school books, and insist that the largest competition should be given in the purchase of all books for the benefit of the children of our State.

Third—We deplore the action of the State Assembly in increasing the salaries of Judges of the Court of Appeals and other officials in our State at a time when all values are decreasing and salaries are manifest in every household, and when the economy is so much needed in every department of government, and promise our best endeavors to decrease the burden of taxation as far as may be consistent with good government.
